¹Net-of-fees performance for the Loftus Peak Global Disruption Active ETF is based on end-of-month redemption prices after the deduction of fees and expenses and the reinvestment of all distributions. Investment return and the principal value fluctuate, so your units, when sold, may be worth more or less than the original cost. For further details, please refer to the Fund's Product Disclosure Statement. The benchmark for the Fund is the MSCI All Countries World Index (net) as expressed in AUD from Bloomberg. **Past performance is not a reliable indicator of future performance.** Returns greater than one-year are annualised.
